EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Bailey on January 2, 2008.

The application has been amended as follows:

Cancel claims 1-3

2. The following is an examiner's statement of reasons for allowance: Applicants have claimed a composition according to present claim 4. The prior art of record does not teach the specific combination of applicants' five ingredients in the specific proportions claimed, and it would not have been obvious to one of ordinary skill in the art to formulate such a composition absent the teachings of applicants.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
